

Citizenship and Dementia: International Research Network

Welcome to the 2nd network meeting, Vancouver, Canada,
17 October 2015

that will be held as a post-conference event of the international conference
“Claiming Full Citizenship: Self Determination, Personalization and Individualized
Funding”, 15-17 October, 2016, in Vancouver, Canada.

*This conference is aptly named for persons living with dementia as more and more of us are challenging boundaries and finding our voice. We are ‘claiming full citizenship’ - speaking up and speaking out, and assuming our place at the table as capable and active participants. I look forward to this opportunity to share and learn from others’ experiences.
– Jim Mann, Advocate, living with Alzheimer’s .*

Quote from the Conference Brochure of “Claiming Full Citizenship: Self Determination, Personalization and Individualized Funding”

Citizenship and Dementia: The International Research Network - Welcome!

We are delighted to invite you to the 2nd meeting for Citizenship and Dementia: the International Research Network.

The network meeting will be held 17 October, 2016 as a post-conference event of the international conference "Claiming Full Citizenship: Self Determination, Personalization and Individualized Funding", 15-17 October, 2016, in Vancouver, Canada.

As you will see in the conference programme there are several plenaries and session presentations during the three days that are covering the theme "Citizenship and Dementia". So please check the programme!

At the end of the conference, on Saturday 17 October at 1.30, on 4th floor in rooms Tennyson/Cavendish at Hyatt Regency, we will have scheduled time for a network meeting. The purpose of the network meeting is to reflect on what we have achieved during our first year and discuss what our next step will be. In the network meeting we can elaborate on future strategies on how we can more actively shed light on the network, our research interest and further to sketch out research collaborations and plan future possible publishing strategies.

On Saturday evening you are all invited to an informal network dinner on Keith Rd, North Vancouver. For more information, please contact Deborah O'Connor at deborah.oconnor@ubc.ca

We are grateful for the Centre of Inclusion and Citizenship for supporting us in this 2nd network meeting.

Looking forward to many interesting fruitful discussions and to see you all here in Vancouver!

Ann-Charlotte Nedlund,
PhD, ann-charlotte.nedlund@liu.se

initiator and coordinator of Citizenship and Dementia: the International
Research Network
