**CHRISTINA HÖRNELL** was appointed as director musices at Linköping University in the autumn of 2014 and took over the artistic leadership for the Linköping University Male Voice Choir and the Linköping University Chamber Choir.

Hörnell is director for the Music at Linköping University centre and has overall responsibility for musical activities at LiU. The work includes providing support to students and teachers, boundary-spanning collaboration within the university, responsibility for the concerts held in association with the Commencement Ceremony and at other university ceremonial occasions, and collaboration with musical activities in the region.

**MERETE ELLEGAARD** was appointed assistant director musices at LiU in 2009. She has artistic responsibility for the Linköping University Symphony Orchestra and the Linköping University Women's Choir – Linnea, with teaching responsibility for the Symphony Orchestra course and Choral Activities courses given at the Department of Culture and Communication at LiU.

**LINKÖPING UNIVERSITY SYMPHONY ORCHESTRA (LAO)** was established in 1993, as a course in orchestra studies at Linköping University. Throughout these past 25 years, LAO has developed and become a crucial part of the university's cultural scene, with performances at several social functions, including graduations, collaborations, university commencement ceremonies, and naturally, its own productions. The orchestra consists mainly of students and teachers from the university, but it is open to musicians who are not associated with the university. [www.laorkester.se](http://www.laorkester.se)

**THE LINKÖPING UNIVERSITY MALE VOICE CHOIR** was founded in 1972. The choir has since then developed both musically and organizationally, and is today regarded as one of the best male voice choirs in Sweden. The singers are recruited both from within the university and outside, to ensure the highest possible musical quality. The choir consists of approximately 60 singers, properly dressed in tails. **LINKÖPING UNIVERSITY WOMEN'S CHOIR** is a female choir at Linköping University. It was formed in 1997 on the initiative of the male choir Linköpings Studentsångare (called LiHkören at that time) and its conductor Hans Lundgren. Linnea was intended to give female choral singers the same opportunities to sing together at the university as men, and to open the possibility for a large mixed choir with both choirs on occasions. **THE LINKÖPING UNIVERSITY CHAMBER CHOIR**, founded in 1989, is a part of Music at Linköping University. The choir consists of 40 highly experienced song artists, all of whom live in Östergötland.
