## ENGAGING WITH APPS: METHODS AND QUESTIONS

WITH DARCY PARKS & JULIA VELKOVA

What do apps do? How do we analyze relations mediated by apps? What methods exist out there, and what methods can we use to approach a social practice via apps? Come to the first session of the Data Lab to explore apps through a hands-on workshop and a discussion about ways of knowing and engaging with apps. Everyone is welcome! Bring your laptop!

Place: Lethe

Time: 9:30 - 12:00 with coffee
