

Object Oriented Programming in Java

Programme course

6 credits

Objektorienterad programmering i Java

TDDE10

Valid from: 2017 Spring semester

Determined by

Board of Studies for Industrial Engineering
and Logistics

Date determined

2017-01-25

Main field of study

Computer Science and Engineering

Course level

First cycle

Advancement level

G2X

Course offered for

- Industrial Engineering and Management, M Sc in Engineering
- Industrial Engineering and Management - International, M Sc in Engineering

Specific information

Overlapping course contents: TDDC30, TDDB32 and TDDB58

Entry requirements

Note: Admission requirements for non-programme students usually also include admission requirements for the programme and threshold requirements for progression within the programme, or corresponding.

Examination

PRA1	Project assignment	U, G	2 credits
LAB1	Laboratory work	U, G	3 credits
DAT1	Computer examination	U, 3, 4, 5	1 credits

Grades

Four-grade scale, LiU, U, 3, 4, 5

Department

Institutionen för datavetenskap

Director of Studies or equivalent

Ahmed Rezine

Examiner

Torbjörn Jonsson

Education components

Preliminär schemalagd tid: 86 h
Rekommenderad självstudietid: 74 h

Course literature

Kurslitteratur kommer att finnas på kurshemsidan. Fastställs senare.

Common rules

Regulations (apply to LiU in its entirety)

The university is a government agency whose operations are regulated by legislation and ordinances, which include the Higher Education Act and the Higher Education Ordinance. In addition to legislation and ordinances, operations are subject to several policy documents. The Linköping University rule book collects currently valid decisions of a regulatory nature taken by the university board, the vice-chancellor and faculty/department boards.

LiU's rule book for education at first-cycle and second-cycle levels is available at http://styrdokument.liu.se/Regelsamling/Innehall/Utbildning_pa_grund-_och_avancerad_niva.
