

Reading list for Thin Film Physics, TFYA41, 2017

Course literature is preliminary

T. Michely, J. Krug, "Islands, Mounds and Atoms: Patterns and Processes in Crystal Growth Far from Equilibrium", Springer 2003. P. M. Martin, "Handbook of Deposition Technologies for Films and Coatings", Elsevier 2010. M. Ohring, "Materials Science of Thin Films", Academic Press 1991. Extramaterial tillgängligt på kurshemsidan (lösenordsskyddat)
